Objective

The research symposium as a part of ICDDA brings together leading experts, researchers and scholars to delve into the latest advancements, challenges and opportunities in the field of Artificial Intelligence (AI) powered by data. This symposium is a gateway to providing an opportunity to share research work in an academic and professional environment, as well as participate in a critical discussion of the theories and methodologies of the realms of machine learning, data analytics and AI applications.

Event Highlights

- Keynote Address and Lead Talks by Eminent Professors
- Panel Discussion with Eminent Personalities
- Research Presentations by Students and Young Researchers in the areas like Foundations of Data Driven AI, Data driven Applications in Agriculture, Data Privacy, etc.
- Cultural Programme

Invited Speakers

Chief Guest & Keynote Speaker
Prof. R. K. Shyamasundar
IIT Bombay

Guest of Honour
Prof. Ratan Kumar Ghosh
IIT Kanpur

Keynote Speaker
Prof. Shrisha Rao
